7. Committee Reports
   a. Building
      i. Storyhour Room: Protech started working on the storyhour room. They came across a material they have never seen before, so they are having it tested just to be safe. The cavity is mostly open and the mold stops just before the register on the North wall. The unknown material is between the East wall and the Children’s Room, so we will know how far the mold goes after the material testing. Nate said that after this week’s rain, the wall is visibly wet so it must be coming from somewhere higher than the floor. We don’t have enough insulation out at this time to see exactly where the leak is coming from.
      ii. 1st Building Concept: Committee, stakeholder and public meetings are planned through September on the long-range renovation plans for the main building.
   b. Budget
      i. Budget Calendar:

      ii. **Literary Tour**

      iii. Alcohol at Library Programs: A dialogue was begun on whether we want to allow library programming which would allow the serving of alcohol and what parameters might be required for that. Other area libraries have done that and had good success with the right event (i.e. murder mystery night). There are many things to consider. Mrs. MacNeill was asked to explore legal questions with library directors that have the programs.

11. Roundtable: Nancy Johnson read a statement about her gratitude for her years on the board and best wishes for the remaining members upon her retirement. This was also the last meeting for Acord. The One Book One County selection has been chosen and board members were informed of the title.
