These premium estimates are based upon information (geographic location and age) that may be known or have been supplied to obtain these premium estimates, and if incorrect, are subject to change and correction if/when correct information is ultimately supplied to PHP. If final enrollment documents produce changes in geographic location or age, then the final premiums due will reflect those changes as appropriate. **Please note the renewal increase includes age table changes.** If not yet approved by the Indiana Department of Insurance, the benefits and rates contained throughout this document may need to be adjusted.
